

TAPOST 2018
2 - 3 October 2018, Riga

THE ULTIMATE TEST AUTOMATION

We invite delegates from around the world to join us for the 19th annual TAPOST (Theory and Practice of Software Testing) Conference in Riga, Latvia, on 2 - 3 October 2018. The first day will be dedicated to full-day training sessions or workshops. The second day will host conference presentations and brief workshops.

The whole TAPOST 2018 will be devoted to the **test automation**. We encourage proposals for workshops addressing any aspect of this theme (no manual testing please!) including:

- Test management
- Test execution
- Test data management
- Performance testing
- Security testing
- Acceptance testing
- Testing on mobile devices
- Real-time testing
- Accessibility testing
- Multi-language testing

We welcome submissions for individual papers or workshop proposals. Postgraduate student participation is strongly encouraged.

How to make a submission

Please send proposals for individual presentations or workshops to info@tapost.org by **31 May 2018**. We plan to provide confirmations from 30 June 2018.

Presentation proposals should include:

- Title
- Format of the presentation: brief (15 min. - presentation, 5 min. - questions) or long (30 min. - presentation, 10 min. - questions)
- Abstract (up to 150 words)
- The name, affiliation, and email address of the presenter

Workshop proposals should include:

- Proposed length of the workshop (e.g. 60-90 min, 90-120 min, full day)
- Abstract (up to 150 words) or other prepared materials (if any)
- Max number of participants
- The name, affiliation, and email address of the presenter
